

Garden to Table® Application 2019

Garden To Table® is a community garden program of The Open Door, a hunger relief organization dedicated to ending local hunger through access to healthy food. The Garden to Table Program was created to provide individuals and families who struggle with food insecurity access to the resources necessary to grow their own healthy food supply. To be food insecure means you have a hard time getting enough affordable, nutritious food for you and/or your household. All participants must be residents of Dakota County.

There is no income requirement to participate in the program. While plots are prioritized for families struggling with food insecurity, there are frequently additional plots available for volunteers who wish to grow food for The Open Door pantry, and interested volunteers are encouraged to apply. **People looking for a community garden who are not food insecure or a volunteer may get a plot if available for \$50 fee, and will not receive plants or seeds.** The Open Door gardeners are prioritized first, volunteers second, community gardeners third.

The Open Door provides TOD gardeners and volunteer gardeners with:

- Garden space
- Access to water
- Tools
- Seeds
- Plants
- Compost
- Mulch
- Gardening classes with Dakota County Master Gardeners
- Food preservation classes during the harvest season

In exchange, you must:

- Keep your garden free of weeds and debris
- **Record the weight of your harvest using scales provided at each site. If you garden at home email or text an estimate number of pounds or a photo of your harvest.**

****Failure to maintain your plot and report harvest weights may result in loss of your garden plot.***

Plan on dedicating about 5 hours per week to the program from April–October.
